Website Clone

{ CODENATION }

CSS

The Challenge!
Everyone, go and find a website you like the look of....

{ CN }®

CSS

The Challenge!

Your challenge is to **clone** this website as closely as possible. Don't worry about how it **functions** all I require is that it **looks as identical as possible**.

CSS

Some notes...

Please use GIT and link this to your GitHub account in a **new repo**.

Share your **GitHub Pages link** in the **#submissions** channel when the thread is created.
